26 JUL 2001

MEMORANDUM FOR ALMAJCOM/CE

FROM: HQ USAF/ILE
1260 Air Force Pentagon
Washington, DC 20330-1260

SUBJECT: Next Generation Contractor Operated Civil Engineer Supply Store (COCESS)
Statement of Work (SOW)

Recently, HQ USAF/ILE and SAF/AQC partnered with industry and solicited MAJCOM input en route to an update/rewrite of the COCESS SOW. This new document incorporates the latest industry standards and best practices from the field. Contractors who reviewed the new document are satisfied that it includes current commercial standard support practices and promotes industry partnership for successful operations at our bases.

All MAJCOM civil engineers that operate with COCESS are directed to use this COCESS SOW document when resoliciting contracts. Please forward all current COCESS contracts to HQ AFCESA/CEOM by 15 Aug 01. As contracts are resolicited, request you provide HQ AFCESA/CEOM a copy of the new contract.

Eglin AFB is currently finalizing other Request for Proposal (RFP) documents for the COCESS contract. These will be forwarded to you by HQ AFCESA/CEOM when they are received. I encourage you to use the Eglin AFB RFP since it complements the COCESS SOW and will significantly reduce preparation time for resolicitation.

Please direct any questions you may have to SMSgt Terry Day, HQ AFCESA/CEOM, DSN 523-6411. This is a coordinated AF/ILE and SAF/AQC memorandum.

A handwritten signature in black ink, appearing to read "Earnest O. Robbins II".

EARNEST O. ROBBINS II
Major General, USAF
The Civil Engineer
DCS/Installations & Logistics
