HOME STATION TRAINING
AUDIOVISUAL PRODUCTS**

The following is a list of audiovisual products that support the Engineering Readiness and Qualification Training programs. All titles, unless indicated otherwise, can be ordered on line from <http://dodimager.afis.osd.mil/>. If you do not have Internet access you may FAX a request to FAX DSN 795-6106 or commercial (570) 895-6106. However, be sure to include all of the information indicated on the sample form below.

There are two (2) USAVIC general points of contact (POCs) serving the Air Force community. When placing an order, be sure to include the name of the POC who is assigned to your respective area (Zip Code). Ms. Debbie Whitaker DSN 795-7438 serves units with zip codes that start with 0 through 4; Mr. Joe Marcus DSN 795-7439 handles all other Zip Codes.

The Air Force liaison for research, Mr. Vincent Rotell can be reached at DSN 795-7063. If you cannot find the video you are looking for in this listing try the USAVIC/JVIA web search at <http://dodimager.afis.osd.mil/dvi/Top/davis/>. Once you get to the site put in the topic by word that you are looking for, the search function will seek for your subject.
